

**Activities against COVID-19:** Covid-19 outbreak from Apr 27 and quickly spread to most provinces in the country. The VN Gov. is planning to immunize at least 70% of the population to create herd immunity. The Gov. allows businesses, organizations and individuals to import if they have access to vaccines, and encourages vaccination for employees in their companies. AIGA VN also has the action as below:

- 1. Request to be priority vaccination to employees** of AIGA VN's member companies → Sent official letter to MOH (Jun 3) for this requirement. It is feedback that, each member companies must register to Local Health Dept. where it located for this issue
- 2. Emergency global agreement**  
Member companies allow to ask the emergency support of another member to ensure a delivery for one of its customers when it comes to a safety/security matter due to COVID local restrictions.

## Seminar and workshop

- Jul 23, 2020 workshop with DWS** about the standards related to inspection activities in industrial gases field → *Result that DWS has agreed to amend the inspection procedures for cylinder and tank as proposals*
- Nov 5, 2020 workshop with VINACHEMIA** about chemical safety standards in the industrial gases → *Result that VINACHEMIA has agreed to review the current legal documents and amend accordingly*  
❖ **AIGA VN has sent an official letter to VINACHEMIA on issues related to legal regulations that are still difficult to apply in practice (Jun 3, 2021)**
- Apr 27, 2021 seminar with DWS** about basic knowledge on industrial gases, pressure equipment and improve safety awareness → It is 1<sup>st</sup> seminar specializing in industrial gases as training to the local industrial gas companies

AIGA VN hat for participant

Mr. Yoshinori Tsuji - GD of Tomoe VN as takes over the role of **Vice Chief Rep.** replacing for Mr. Vinayak - Linde

Welcome on board  
Mr. Nguyen Van Viet  
-Managing Director of Linde Gas VN as Linde's representative in AIGA VN

❖ *Thanks Mr. Vinayak's contribution as of member and Vice Chief Rep. from Dec 2019 and wish you success in your roles in Linde Plc.*

## Document issued

- AIGAVN-TM-001:**  
Gas basic knowledge
- AIGAVN-TM-002:**  
Pressure equipment
- AIGAVN-TM-003:**  
Safety awareness

## Document translated in VNese

- AIGA 113/20:**  
Safety design Oxygen 93%
- CGA-C-13-2018:**  
Inspection C2H2. Rev. 07
- EIGA-SA-4521:**  
Hazard of Oxygen enriched
- AIGA 046/08**  
Cryogenic vessel inspection
- EIGA-DOC 224/20**  
Cryogenic vessel operation and inspection
- AIGA-PP-05-2018**  
Cylinder time-life

## New leadership of TC in term Jul 2021 ~ Jun 2023

Mr. Vu Minh Hoang  
**TC Leader**  
NSVN – QSHE D. Manager

Mr. Le Phuc Thien  
TC Sub-Leader  
AWV – Prod. Manager

Mr. Nguyen Thanh Hao
