

Message from AIGA VN Board

From Jan 1st 2025

Dear colleagues and friends

*It is a great honor for me to serve as the 3rd Chief Representative of AIGA Vietnam. Building on the solid foundations established by those who came before and the dedication of the current team, I am committed to driving our mission forward: **enhancing awareness of safety, health, environmental protection, and security in Vietnam's industrial and medical gas sectors.***

Throughout its journey, AIGA Vietnam, alongside collaborating with government agencies in developing safety standards, has also compiled technical guidelines and organized seminars to promote safety awareness. These efforts have contributed to shaping a safety culture, ensuring that safety becomes an integral part of the daily work of those in the industrial gas industry in Vietnam.

As the Chief Representative, I hope to work together with all of you to focus on the following objectives:

- **Expanding Safety Awareness:** *Continuously promoting and training, helping Vietnamese staff in the industry confidently apply best practices to ensure safety in all stages of production, transportation, and use of gases.*
- **Collaborating for Standards Development:** *Working closely with government agencies and other stakeholders to draft and implement updated safety standards and guidelines tailored to Vietnam's needs.*
- **Hosting Outreach Programs:** *Organizing seminars and workshops to raise safety awareness and equip Vietnamese staff with the knowledge to integrate safety into their work processes.*
- **Promoting Sustainability:** *Introducing environmentally friendly approaches to gas production and usage, aligning with global trends and Vietnam's sustainability goals.*

Our journey ahead will require not only dedication but also collaboration with all partners, authorities, and industry professionals. I am confident that together, we can make meaningful progress in elevating safety standards while also contributing to the health, security, and environmental well-being of our community.

I sincerely thank all colleagues who have supported AIGA Vietnam's achievements thus far. I look forward to continuing this journey with all of you

Mr. ERIK Mota Calvosa

3rd Chief Rep. of AIGA VN

(Emerging South-East Asia CEO - Air Liquide

General Director of Air Liquide VN)
